

Autonomous Formula 1 racing car!

Problem: How do you program a Formula 1 racing car that is as fast as possible and drives independently?

Program the mBot so that it drives along the entire Formula 1 track on its own and as quickly as possible - that's the only way to win Formula 1!

Check up 1

Briefly describe how you have worked on the task "Autonomous Formula 1 racing car" so far:

- How did you want to solve the task? How did your solution idea work?
- If problems occurred: What problems did you have and how did you solve them?

What are your next steps to solve the task "Autonomous Formula 1 racing car"?

Check up 2

Briefly describe how you have worked on the task "Autonomous Formula 1 racing car" so far:

- How did you want to solve the task? How did your solution idea work?
- If problems occurred: What problems did you have and how did you solve them?

What are your next steps to solve the task "Autonomous Formula 1 racing car"?

Check up 3

Briefly describe how you have worked on the task "Autonomous Formula 1 racing car" so far:

- How did you want to solve the task? How did your solution idea work?
- If problems occurred: What problems did you have and how did you solve them?

What are your next steps to solve the task "Autonomous Formula 1 racing car"?
